## EDUCATION

### UNIVEM - Centro Universitário Eurípides de Marília

Marília, SP

*Bachelor of Science in Information Systems*

2020 – 2024

- Overall grade point average (GPA) of 9.04
- Completed a capstone project involving the development of a scalable web application.

## EXPERIENCE

### Backend Developer

Aug 2022 – Jul 2023

*1Doc Tecnologia*

São Paulo, SP

- Enhanced web system performance by 30% and ensured reliability for thousands of users through robust backend systems with Node.js, PostgreSQL, and AWS.
- Architected a scalable microservices framework, boosting system scalability and flexibility for future growth.
- Implemented automated testing procedures that increased code quality and reduced the number of bugs in production.

### Frontend Developer

Jun 2021 – Jul 2022

*Grupo Jacto*

São Paulo, SP

- Developed and optimized mobile app interfaces with Ionic and Angular, achieving a 100% improvement in UI quality and user engagement.
- Integrated applications with .NET Core and PostgreSQL, enhancing operational efficiency by 25% and streamlining data management.
- Delivered user-centric solutions that significantly increased usability and satisfaction through intuitive design and efficient functionality.

### Development Intern

Jan 2020 – Dec 2021

*Cacau Foods*

São Paulo, SP

- Customized ERP systems to meet specific business needs, gaining hands-on experience in system development, maintenance, and support.
- Enhanced data visualization and reporting capabilities by contributing to BI solutions, aiding in more informed decision-making.
- Collaborated closely with the development team to refine system functionalities and address technical issues effectively.

## PROJECTS

### ana-microframework-nodejs | *Node.js*

2023 – Present

- Contributed to a micro-framework to accelerate backend development in Node.js.

### Backend Development Mentor

2022 – 2023

- Co-founded a project guiding students in Node.js programming.

### Not Empty Free Software Foundation (GitHub) | *Open Source*

2023 – Present

- Contributing to open source projects and participating in community-driven initiatives.

### FLISOL Aug 2023 | *Event Organization*

Aug 2023

- Served as a speaker and co-organizer of the 19th FLISOL event.

## TECHNICAL SKILLS

**Languages:** Javascript/Typescript, Python, Golang, SQL (Postgres), PHP, HTML/CSS

**Frameworks:** Node.js, React, Django, ExpressJS, Nest.js

**Developer Tools:** Git, Docker, Amazon AWS, VS Code, Linux, NewRelic, Sentry

**Libraries:** Redis, RabbitMQ, GraphQL, Elasticsearch, JWT

## CERTIFICATIONS

**LPIC-1 (Linux professional)** - Certification (Progress)

**AWS Solutions Architect** - Certification (Progress)
